

# BRING STORYCORPS TO YOUR COMMUNITY

Host StoryCorps on location to record and preserve stories that are important to your organization. Whether your community is large or small, centered in one location or many, we can create a program to fit your goals.

## RECORD

In your location or in a StoryCorps Booth, we record six interviews per day using the StoryCorps model: 40 minutes of uninterrupted conversation between two people who know each other well—friends, colleagues, family members, or loved ones.

## PRESERVE

In addition to archiving stories recorded at your organization at the Library of Congress, StoryCorps will deliver a full archive of all audio, photos, and notes on the conversation as a lasting legacy for your community.

## SHARE

Use the archive of stories to recognize the people who make your organization special. Work with StoryCorps to produce short, emotionally resonant audio segments in the style of our weekly broadcast on NPR.

## WHAT MAKES STORYCORPS SPECIAL?

### PARTICIPATING IN AN INTERVIEW CAN:

- Remind us of our shared humanity and the value of every person's story
- Strengthen and build connections between people
- Teach the value of listening
- Create an invaluable archive for future generations

### ABOUT STORYCORPS

StoryCorps' mission is to preserve and share humanity's stories in order to build connections between people and create a more compassionate and just world.
